

This is premium pre-set tyre inflator for forecourts, workshops and garages where fast, safe, secure and time - saving inflation is key. Combining the latest electronic inflation technology with user-friendly controls, the D10 allows the operator to pre-set the required pressure and get on with other tasks whilst the inflator does the rest, thereby increasing workshop efficiency. The D10 also reduces operational expenses and long-term equipment costs, whilst actively boosting safety - which is of vital importance to modern regulations.

## Features

- Auto-start inflation
- Audible and visual end of cycle signal
- Default to safe setting
- Bespoke variants available inc. dual screen
- Aluminium die-cast housing and strong quality image and branding
- Complies with EC Directive BS EN12645:2014

Part Number

D 10

- Accuracy: 0.01 bar/0.1psi/2kPa/0.01 kgf/cm<sup>2</sup> (exceeds EC Directive BS EN12645:2014)
- Maximum inflation pressure: 10 bar /145psi / 999kPa / 10kgf / cm<sup>2</sup>
- Resolution: 0.1 bar/ 1psi / 5kPa / 0.1 kgf/cm<sup>2</sup>
