

A-SERIES MECHANICAL TORQUE WRENCH 3/4"

ST96411SC

SATA®

MADE TO TRUST
MADE TO CHALLENGE™

With a range of high-quality tools, SATA tools fuel the pride you take in completing every challenge. Suitable for production and professional-duty work, SATA torque wrenches are ideal for automotive use, heavy machinery and appliances. Measured in Nm, these dual-range torque wrenches handle a variety of fasteners and applications like light- and medium-duty truck lug nuts, motor home wheels and CV axels on cars. Covered by a lifetime warranty on ratchet heads only, the multipurpose torque wrenches also work great on harmonic damper bolts.

SPECIFICATIONS

Size : 3/4 in 110-550Nm

Material : Chrome-Vanadium (Cr-V)

Fastener Size : 3/4

FEATURES

- Teardrop, low-profile head and flush-mounted on/off switch allow better access in tight spaces
- High accuracy with deviation of +/- 3 % max.
- Knurled grip for comfort and control
- Flush mounted reversing lever allows user to change direction with one hand without removing the wrench
- Audible click and/or impulse when torque setting is reached
- Detent style locking collar prevents accidental change of torque setting
- Matte Finish
- Tempered steel construction offers strength and durability for long-lasting performance
- High strength protective case
