

NITROGENEX – NITROGEN INFLATOR CAR - N2 CAR

ATS ELGI
THINK LONG RUN

ATS ELGI's Nitrogen tyre inflator is the most widely used tyre inflator across India. It produces up to 97% pure Nitrogen at a rate of 3500 litres per hour. Equipped to inflate two tyres at a time with a pressure range of 0 to 120 bar, this product is designed to suit the user's needs and improve tyre life.

Applications

2W | PCV | LCV | Tyre Shops

Advantages

- Automatic Nitrogen tyre inflating systems
- Generate Nitrogen by Pressure Swing Adsorption (PSA) technique
- Integrated storage tank for nitrogen gas
- Integrated vacuum system for removing air out of tyre before inflating with nitrogen
- High grade filter separation unit
- Nitrogen/Air – dual filling system
- n-built digital counter
- On demand real time purity indicator
- Inlet & outlet pressure indicator

Product Origin : India 

Technical Specification

Recomm. Input Pressure	9.5 kg/cm ²	Output Pressure	8.5 kgf/cm ²
Purity of Nitrogen	95%	Weight	108 Kg
Storage Tank Size	60 Ltrs	Power	230V/50 Hz
N2 Generating Capacity	3500 lph
