

NITROGENEX – NITROGEN INFLATOR TRUCK - N2 TRUCK

ATS ELGI
THINK LONG RUN

ATS ELGI's Nitrogen tyre inflator is the most widely used tyre inflator across India. It produces up to 96% pure Nitrogen at a rate of 8000 litres per hour and is suitable for all types of Commercial vehicles. Its pressure swing adsorption technology delivers a stable and durable inflation to ensure road safety.

Applications

CV | Mining | Heavy Earth Moving Machinery

Advantages

- Automatic nitrogen tyre inflating systems
- Suitable for CV's & HEMM vehicles
- Generation of Nitrogen by Pressure Swing Adsorption Technique
- External storage tank for nitrogen gas
- Integrated vacuum system for removing air out of tyre before inflating with nitrogen
- High grade filter separation unit Nitrogen/Air – dual filling system In-built digital counter
- On demand real time purity indicator Inlet & outlet pressure Indicator

Product Origin : India

Technical Specification

Recomm. Input Pressure	12 kg/cm	Output Pressure	10 kgf/cm ²
Purity of Nitrogen	95%	Weight	208 Kg
Storage Tank Size	250 Ltrs	Power	230V/50 Hz
N2 Generating Capacity	8000 lph
